As an increasingly diverse school district, Newton Public Schools celebrates the many cultures represented among our families. Our school calendar includes a list of holidays that are not days off from school. Students who celebrate these holidays continue, as in the past, to have excused absences from school on these days. However, in recognition of the growing number of students who celebrate Diwali and Eid al-Fitr, NPS has placed these holidays on the face of its calendar to increase awareness among students, teachers and staff that these are significant holidays for our student population. While these two holidays remain official school days, we hope that placing these days on the calendar reminds our families and teachers that students who celebrate them have an excused absence from school, and assists them in avoiding the scheduling of major school events on these days.

Other important holidays and holy days of obligation listed in alphabetical order:

Lawyers Diary and Manual).
